# 11 Years of Success

Since 2015, **GP Confidential** has been the International TV magazine dedicated to in-depth technical analysis of Grand Prix events and Formula 1 cars.

Through exclusive **3D analysis** and augmented reality, we reveal every detail of F1 single-seaters, power units, and cutting-edge components — bringing the high-tech world of Formula 1 to life in a way that's accessible to all fans.

Interviews with drivers, team principals, and engineers enrich the narrative of Formula 1 — from its legendary past to its thrilling present.

A unique perspective and a format that, in **over 10 years**, has become a benchmark at the International level.
